Sd/ SHEIK ABDUL QADIR SAHIB BAHADUR,
Commissioner of Police

Motion for Adjournment for Purpose of Debate.

Mr. A. SANKARA PUDUVAL.

I want to press my motion for adjournment.

President.—There is another motion before yours, and it is that of Mr. Kunjunni Raja.

Mr. A. SANKARA PUDUVAL.

If he is going to move a motion on one and the same matter, it does not matter which is moved first.

President.—In my capacity as President I have given my consent to Mr. Kunjunni Raja's motion, under Rule 18 of the Legislative Council Rules, para 38 of the Manual. Is this adjournment motion opposed? Under Rule 20, sub-clause 2, the President has to take the sense of the Council with regard to the motion. Is this motion opposed? There is no opposition.

Mr. A. SANKARA PUDUVAL.

A point of order, Sir, under Rule 20 (2). After reading the statement, the President has to ask whether the member

has the leave of the Council. The leave of the Council has to be obtained. If the President is of opinion that the matter proposed to be discussed is in order, he shall read the statement and ask whether the member has the leave of the Council. That is what the President has to do. If no objection is taken, the President will mention the hour at which the motion will be taken up. The only objection is he has to take the leave of the Council.

President.—I was enquiring as to whether there is any objection. No objection, I suppose? It is all right. My only duty is to inform the time, the hour at which the motion will be taken up. According to Rule 14 (i), the motion will be taken up at 3.30., this afternoon.

Supplementary Questions.

Mr. A. B. SALEM.

Sir, I rise to a point of order. If a member was absent when his name was called at the time a question is taken up, and if time is available after all the other members have finished their questions, is it not open to him to ask a supplementary question, if time permits? Rule 9 of the Standing Orders permits it.

President—Is it so? Standing Order No. 9 says only that the first hour of every sitting shall be available for the asking and answering of questions. Then you must be here when the question is called.

Mr. A. B. SALEM.

There is no such rule. I am here now, and there is time available. We have 15 minutes more.

President.—Suppose nobody turns up during the first hour? What is the Council to do? The first hour is to be devoted for the consideration of questions and answers. I agree with you there. Suppose there are no questions, are we not to go on with other work? Or, are we to sit quiet during the first hour?

Mr A. B. SALEM.

My point of order is whether, when a member is away, but comes late, it is open to him to ask a supplementary question, if time permits.

Mr. C. ACHYUTA MENON.

But that point does not arise because we have already taken up another item of business.
